

Person-centred primary care

This programme is for registered healthcare professionals in primary care settings to implement or improve Holistic Needs Assessment and/or Cancer Care Review clinics, aiding the personalised care and support planning agenda.

The e-learning and virtual classrooms will support you in improving or implementing clinics in practice, where you will help to support people living with cancer by undertaking personalised and supportive conversations, reflecting what matters most to them and providing them with a personalised care plan.

Programme starts 17th June 2024. Applications open now

Accessing the Learning Hub is easy. Select one of the green buttons to log in or register for an account:
